POWER TILT MOUNT WITH AUTO UP/DOWN FEATURE

- Select off and arrowboard automatically lowers to travel position
- Actuator's integrated limit switch prevents motor gear wear and tear
- Automatically detects the upright position—clear indicator on the display showing if the arrowboard is in the up or down position

OPTI POWER LENS

Our 15- and 25-light arrowboards feature the Opti Power lens. Our molded lamps are made of 32 LEDs encapsulated in our Opti Power lens. They are designed to maximize each LED's output and utilize up to 35% less energy.
