

# 5-Color Message Signs

for fully customizable graphic and text messages

- Five-color full-matrix display
- Create custom messages with Wanco software
- Combine colored text and graphics
- Touchscreen controller with intuitive interface

With a full matrix of five-color LED pixels, the Wanco® Color Message Sign lets you create messages like you never could before.

Using Wanco computer software, you can create and combine graphic symbols with text to make bright, colorful messages that stand out. Design your own symbols, import your corporate logo and more. Add text, make multiple message screens and even create simple animations.
